Re: Your 2008 PV Credit (Premise 303924585)

Dear Eric Doub And Catherine Childs:

On January 28, Xcel Energy will issue your credit for the excess energy your PV installation generated during 2008. Here's how we calculated your credit:

237 kWh excess generation

x \$0.04842 per kWh (Average Hourly Incremental Cost of electricity for 2008)

\$11.48 Amount of credit

As stipulated in your Solar* Rewards contract, you'll receive a check for this purchase. The check will be processed through our regular billing system, and you can expect it to arrive by February 6, 2009.

This purchase by Xcel Energy brings your kWh "Solar Bank" of credit back to 0 kWh; any new credits will be applied in 2009.

Thank you for participating in the Solar* Rewards program and for your interest in renewable energy. Please don't hesitate to contact us if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink that reads 'Pam Newell'.

Pam Newell
